

Raytheon

MAJORS: Aerospace Engineering, Computer Engineering, Computer Science, Electrical Engineering, Mechanical Engineering, Systems Engineering

TITLE: Engineering Internship

Powerful Careers – Legendary Innovations. From a world-class customer profile to the work being done at the ends of earth, Raytheon offers a wealth of opportunities for your future and beyond. Bring your talent and skills to a company that proves new insights and ideas make our company great. Our nationwide college recruiting program offers students from a variety of colleges and universities assignments that help you realize your career goals. Work with the best!

Our internship opportunities range from 10-16 week assignments and may include mentoring, special projects, and end of assignment presentations. Work with other interns and learn from our team of experts.

Job Description:

Typical job activities will include some aspects of software design, code, integration, test, documentation, and participation in technical reviews. The intern will assist in analyzing problems and developing solutions. The actual assigned tasks will depend on the skills of the individual intern and project needs at the time. Other clerical and administrative tasks may also be assigned. This position will also include use of the latest technologies, architectures, and tools to enhance software reliability and reusability and increase productivity.

Required Skills:

- Strong leadership and communication skills
- Customer focus and collaboration skills
- Interest in software development including design, code, integration, test, and documentation
- Knowledgeable in C, C++, Java, or Ada programming languages
- Ability to obtain a security clearance

Required Education:

- Candidate for Bachelor's degree Computer Science, Computer Engineering, Software Engineering or related field
- Must have a Sophomore status as of Summer 2012

Desired Skills:

- Preferred 3.0 + cumulative GPA
- Knowledge of MS Office or other presentation tools
- Other Engineering project or internship experience
