

**Patent Engineer – Fulltime (2024)**

***Boston, Chicago, Dallas, Milwaukee, San Diego and Washington, D.C.***

Foley & Lardner LLP is seeking Patent Engineers to join the Intellectual Property Department in multiple offices. We are seeking individuals with strong academic backgrounds, excellent written and oral communication skills, and an eagerness to confront new challenges and responsibilities. The position will entail working with inventors from innovative companies as they seek patent protection on their latest innovations. This position is for the following Foley offices: **Boston, Chicago, Dallas, Milwaukee, San Diego and Washington, D.C.**

This position is open to all qualified candidates who will graduate in **December of 2023**, or **May/June of 2024**, with an undergraduate or advanced degree in Computer Science, Engineering (such as Electrical, Mechanical, Material Science, Computer, Nuclear, Aerospace, and Biomedical), Physics, or a related field. Interested applicants should submit their resume and transcript.

**Summer Patent Engineer – Internship (2024)**

***Boston, Chicago, Dallas, Milwaukee and San Diego***

Foley & Lardner LLP is seeking Summer Patent Engineers (a ten-week position) to join the Intellectual Property Department in multiple offices. We are seeking individuals with strong academic backgrounds, excellent written and oral communication skills, and an eagerness to confront new challenges and responsibilities. The position will entail working with Foley's patent agents and attorneys, as well as inventors from innovative companies as they seek patent protection on their latest innovations. This position is for the following Foley offices: **Boston, Chicago, Dallas, Milwaukee and San Diego.**

This position is open to all qualified candidates who will graduate in **December of 2024**, or **May/June of 2025**, with an undergraduate degree in Computer Science, Engineering (such as Electrical, Mechanical, Material Science, Computer, Nuclear, Aerospace, and Biomedical), Physics, or a related field. Interested applicants should submit their resume and transcript.
