

## Job Title: Co-Op Student - Gas Engineering

WPS, a subsidiary of WEC Energy Group, is seeking a Co-Op Student - Gas Engineering in our Green Bay, Wisconsin location. This role will start in either January 2024 or May 2024.

### Job Summary

Students will be provided with an opportunity to develop skills in engineering fundamentals related to the gas industry and overall project management. This position will enable the student to build a working knowledge of natural gas transmission and distribution engineering with exposure to a variety of gas facilities, construction projects, system maintenance, and asset management systems.

### Job Responsibilities

- Support network models of gas distribution systems.
- Review and analyze gas asset information in various data systems (services, mains, valves, stations) and perform required updates.
- Participate in training opportunities to learn about the natural gas industry, construction standards, work procedures, and associated materials.
- Perform site visits to observe utility construction, maintenance, and customer service functions.
- Design and generate reports for engineering, regulatory, and operational requests.
- Assist engineers with capital construction projects.
- Produce system training materials (manuals, reference guides, presentations) for end-users.

### Minimum Qualifications

- High School Diploma, HSED, or GED
- Current pursuit of a Bachelor's or Master's degree in Engineering related majors
- Minimum GPA of 2.8 or above

### Preferred Qualifications

- Current pursuit of a Bachelor's or Master's degree in Mechanical or Civil Engineering

**End Date:** 11/15/2023

We reserve the right to modify the application deadline or discontinue accepting applications for any position if deemed necessary.
